### Today's Program...

#### Defibrillation at Kiwanis: You Could Save a Life

*Jason Trojan*

**Doug Ziesemer** and **Larry French** introduced speaker Jason Trojan from Huron Valley Ambulance Service (HVA). Jason brought an automated external defibrillator (AED) and dummy to show how the device "talks" and gives users verbal instructions to apply pads to the chest and deliver a shock when necessary to try and restore a heart-beat and pulse in an emergency. Also, Jason demonstrated how to properly apply chest compression (CPR) to sustain life until emergency personnel arrive and, with **Luke Panning's** help, showed how to conduct a Heimlich maneuver to help a person who is choking.

The presentation was very informative, and Jason answered several questions about the various life-saving procedures and the AED device. Doug Ziesemer announced that an AED is located in Ned's Place at KCD. Another is planned to be installed on the lower level at KCD, and an AED will be installed on the wall along the corridor outside the meeting/dining room at KCW. Doug talked about HVA and how the organization has worked for more than 40 years to educate the public and save lives.

**Nick Dever** proposed a fine on **Dale Leslie** because he is not going to Florida during the winter but he is helping **Dave Drake** find lodging in Florida.

**Nick Dever** addressed former president **Ron Gardner** and proposed a fine on anyone who does not have the same occupation as guest, Mitch Goodkin. **President Betsy** raised a point of order noting that members should not vote on incomplete information. This caused a scuffle and raised a potential violation of the by-laws. Nick came to the rescue noting that he is the co-chair of the by-laws committee and his proposed fine was addressed to former President, **Ron Gardner**, who approved it and, as such, the fine stands. Passed. Guest Goodkin, as it turned out, is an attorney.
